If you must make other arrangements please call 9704541010. Location 24 Oak Avenue, Eaton, CO 80615 Driving Directions The Eaton Auction Center is located at 24 Oak Avenue US Highway 85, Eaton, Colorado 80615. That is in the block north of the stoplight on the west side of the street. Eaton Colorado is within one hour of Denver, Boulder, Longmont, Loveland, Greeley, Fort Collins and Cheyenne, Wyoming. Come see us in person! Property is open to thorough public inspection. It is the Bidder's responsibility to determine condition, age, genuineness, value or any other determinative factor. RMEB may attempt to describe the merchandise in advertising, on the internet and at the auction but makes no representations. In no event shall RMEB be held responsible for having made or implied any warranty of merchantability or fitness for a particular purpose. If you plan to register a titled vehicle in an area that requires an emission or other test, emissions or other tests are not guaranteed and it is sold ASIS unless stated otherwise in the item description. If firearms are sold, all Federal and Colorado laws and regulations will be followed. It is the bidder's sole obligation to determine if a firearm they purchase is legal where they live. All titled vehicles are sold ASIS TOW AWAY in regards to emissions tests. Emission tests are not provided unless it is stated in the item description. If you have any questions about the merchandise, ASK THEM BEFORE BIDDING. Bidder shall be the sole judge of value.Under state law, sales tax will be collected on this amount.It is the Bidder's responsibility to determine condition, age, genuineness, value or any other determinative factor. RMEB shall endeavor to describe in detail each item and any pertinent information about it. RMEB will not be responsible for any errors or omissions in the

description of the merchandise unless it is a material and intentional misrepresentation of the item itself. PreBids MAY NOT BE

REMOVED. <http://www.bmsk.ru/images/static/6es7-216-2ad00-0xb0-manual.xml>

Make certain of what you are bidding on. RMEB does not guarantee any appraisals, gradings or certifications. All firearms laws are followed. Some firearms may not be legal in Bidder's jurisdiction. It is Bidder's responsibility to determine if any item is legal where they live. There are no refunds for any reason. Bidder agrees that he or she may not return any item they purchase for any reason except an intentional and material misrepresentation of the item itself made by RMEB. Bidder's sole remedy in the event of an intentional and material misrepresentation of an item shall be to return the item, at their expense and in the same condition it was shipped to them. Bidder agrees that under no circumstances whatsoever will RMEB ever be liable to any bidder for an amount greater than the purchase price of the item they purchased. Bidder acknowledges and understands that this service may or may not function correctly the day of the auction. Under no circumstances shall Bidder have any kind of claim against RMEB or anyone else if the internet service fails to work correctly before or during the live auction. RMEB will not be responsible for any missed bids from any source. Internet bidders who desire to make certain their bid is acknowledged should use the proxybidding feature and leave their maximum bid 24 hours before the auction begins. RMEB reserves the right to withdraw or recatalog items in this auction. Depending upon the increments and order in which bids are accepted, an internet Bidder's maximum bid may not be recognized prior to a floor bid of the same amount. RMEB may withdraw any item before or during the auction. Should a tie or a dispute arise between two bidders, the auctioneer may, at his discretion, reopen the bidding until the property is sold. From time to time RMEB may accept items with reserves prices. RMEB reserves the right to bid on behalf of the owner on items on which there may be a reserve.

The record of the auction made by RMEB shall be conclusive. When the auctioneer says, "sold" Bidder assumes full responsibility for the merchandise. Everything MUST be paid for in full at the conclusion of the auction. We also accept payments with VISA, or MasterCard. If a check accepted by RMEB is returned for any reason, Bidder agrees that RMEB may represent it in person or electronically and collect the amount of the check as well as the highest service charges and fees allowed under Colorado law. If paying by certified check with a bank letter of credit Bidder shall immediately send payment by overnight priority mail to RMEB Inc., 24 Oak Avenue, Eaton, CO 80615. Any amount left unpaid shall accrue interest at the highest rate allowed under Colorado state law. Unless exempted by law, the purchaser shall pay all applicable taxes. Bidder agrees to indemnify RMEB against any claim if sales tax is not collected on Bidder's purchases. Bidder agrees to not stop payment on any check paid to RMEB. Title to the merchandise transfers to Bidder only when Bidder's payment is honored. A professional shipping company will ship all merchandise not picked up. Bidder hereby grants any shipper of RMEB's choosing the right to charge their credit card the entire amount of shipping and handling costs. All items will be insured for the purchase price. Our first priority is to deliver your new purchase in excellent condition. Any merchandise not removed by bidder will be forfeited. Bidder shall have no claim to merchandise not removed by the above date. Bidder agrees and grants that service of process on them may be obtained by mailing a certified letter, containing a summons, postage prepaid, to them at the address they provided to register.

Should a dispute arise between RMEB and Bidder, Bidder waives any right to a trial or hearing in a court of law and agrees to settle the dispute through binding arbitration in Weld County, Colorado with an arbitrator appointed by the President of the Colorado Auctioneers Association. Bidder agrees to provide any identification RMEB may request including but not limited to drivers license, photocopies of credit cards, Social Security card or US Passport. Bidder agrees to comply with any stated additional terms or conditions associated with particular items. If you have questions about

the merchandise, the time to ask questions is well in advance of the live auction. No returns are allowed. By registering for this auction, you have been added to our free emailed Whitley Auction Updated. Each email includes a link to unsubscribe. Please do not report our emails as spam. Thank you for your patronage. One report may be all you need. Relic Magnum 7 metal detector with owners manual. Login to post The aptly named app Metal Detector utilizes the compass by reading its interference with metal objects to detect where they are. If you lose a metal object and all you've got is your phone, Metal Detector is a free way to help you find it faster. Garrett Gold Pan Kit Review Detectorly Unlike traditional coin detectors, which are made to find smaller individual items, a ground twobox metal detector can penetrate the earth using special search coils that transmit signals. Looks like we either got a dud or the thing is a piece of junk. Then it says TURN YOUR VEHICLE SLOWLY 2 TIMES to CALIBRATE. Then press the CITY button to complete the calibration. Done. It worked my Early Warning EW3400 Radar Detectors Compass is now Calibrated. Thanks for asking. Simply follow the directions on the form enclosed with your unit or print out our online form and mail it, along with a copy of the receipt and payment, to the address listed.

One of the 4 mentioned may be similar. OK Join Information. Yes No Choose Display Mode Original Customized Dark DONE. One leading name in metal detectors is Compass. Compass metal detectors do not require a lot of maintenance and are not difficult to use. Compass metal detectors utilize a sensing system that is designed to ignore common mineral deposits in the earth. This technology ultimately allows the Compass metal detector to seek deeper in the earth for buried metals.

<https://espbc.com/images/calculus-multivariable-solutions-manual.pdf>

Read your owners manual carefully before assembling and using your metal detector. Use a small Phillips screwdriver to open the battery compartment lid on the control housing and install your 9volt battery. Close the battery compartment lid and tighten the lid screw. Remove the thumb nut and screw from the extended rod at the lower front section of the metal detectors control housing. Attach the large end of the telescoping arm to the section of extended rod at the base of the control housing, insert the screw and thumb nut and tighten by hand. Remove the black knurled nut from the detectors loop. After you have done this then remove the machine bolt and the two white plastic washers. Set the small end of the telescoping arm to the loop and align the mounting holes on the loop with the mounting holes on the telescoping arm. Once the holes are aligned, replace the white washers, the machine bolt and the black knurled nut and tighten them by hand. Loosen the black plastic adjusting clamp at the center of the telescoping arm by turning it to the left. Adjust the

length of the arm to your height and then tighten the adjusting clamp. Wrap the loop cord around the shaft and then plug it into the bottom of the control box. Flip the power switch on. Things You'll Need 9volt battery Screwdriver Tips Check your battery frequently, as a low battery is the biggest cause of metal detector malfunctions. When not using your Compass metal detector, remove the battery and store it in the freezer. I have enjoyed working with Michael, Daniel and their team at Detector Electronics Corp.

They have done a fine job representing the Detector Pro line since it was first introduced in 1996. One of the things I see them do is go the extra mile for their customers. It is always nice to see a family run business endure and we wish them many years of continued success. We appreciate the partnership from Michael and Daniel at MetalDetector.com. As a family owned business, we choose our partners carefully. We have found that their team has done a fine job of representing our line. With thirty years of success under their belt, we expect that they will be a partner for many years to come. We at Treasure Products, manufacturer of the VibraProbe and VibraTector, want to congratulate Daniel and Michael on the admirable milestone of being in business for over three decades. The dedication and product knowledge that your staff exhibits has been a great benefit to us. We offer our best wishes for your continued success. I have found that the team at MetalDetector.com has done a fine of job representing the entire JW Fishers line. They have partnered with us in helping to bring our products to both individuals, larger corporate and governmental organizations. Michael and Daniel have established a knowledgeable team that has done the job of getting the correct product in to the hands of each consumer. I wish them continued success as they represent our products in the years to come. I have been impressed by the professional approach and the experience of Daniel, Michael and the entire team at Detector Electronics Corp. Three decades of superior customer care has been the key to their success and large sales volume. We have enjoyed working with Michael, Daniel and their esteemed team at Detector Electronics Corp. We feel that they have been the best choice for representing the good reputation of the Makro Detectors in the region.

They have been working towards 100% customer satisfaction ever since they started their cooperation with us as our exclusive Distributor in the USA and Canada. We are pleased to see both their business and the sales in their region continue to grow. It is nice to see both our family business and theirs growing together. We see our companies moving forward together for many years to come. Garrett has a longstanding quality relationship with Detector Electronics Corp since the 1980s. I have seen them grow from a regional dealer to one of the largest internet dealers yet they have maintained that special care for the customer for over three decades. Their team of knowledgeable, helpful and friendly staff and family make their dealership a first choice for the treasure hunter. MetalDetector.com has been a valuable business partner to Fisher Research Labs for many years. They continue to grow while still offering the best in customer service and after sale support, which is very important to FRL. We wish to congratulate them on 3 decades of business and

stellar service to our mutual customers. Their entire staffs knowledge of our product helps to ensure the customer gets the right detector for their needs regardless of what they might be. We look forward to our future relationship and continued success of MetalDetector.com and their entire staff. I recently had the pleasure of meeting with the team at MetalDetector.com at their newly expanded facility in Southborough, MA. I have to say that I was impressed with their operation and knowledge of the Teknetics product line. When the Teknetics product line was recently relaunched, MetalDetector.com was one of the first partners we contacted. They have had a long standing relationship with the brand as one of the original Teknetics dealers in the country. We value long standing relationships and are excited to have them as a member of our team.

Its been an honor and privilege working with the fine folks at Detector Electronics for over 25 years. Its no surprise that Sondra and Davids fine sons, Michael and Daniel have continued in their parents tradition of being exemplary businesspeople who take the time and care enough to really know their clientele. Its always been a pleasure working with you. DRS Electronics, GmbH is proud to have Detector Electronics Corp. I have known Michael and Daniel for over a decade. Their team is genuine and knowledgeable. They provide exceptional support and service to our customers. They are a recognized leader in the industry. Internationally their business is known for excellent customer support. Their presence is a great confidence for treasure hunters. MetalDetector.com has been a great business partner for many years and the best choice for representing Makro Detectors in the USA. With the addition of Nokta products to their product portfolio in 2018, we are confident that our businesses will continue to grow together for many years to come. Gary Micheau CEO Whites Electronics Gary Storm Owner Detectorpro Ingrid Hawk Partner Lesche Products Michael Bernstein Owner Treasure Products, Inc. By the end I felt I was dealing with a friend rather than a faceless company on the net. Well done! And, by the way, my 7 year old son Juanito found a nickel yesterday when he took his detector out for the first time. If things keep going this way the detector will have paid for itself within a few short decades. But seriously, he is really enjoying it and hoping to find his longdreamedof buried treasure some day. Happy to do business with you, Hello Dan, Remember me. I bought my Tesoro Tiger Shark from you. It came just when you said it would, and works just as you told me it would. Thanks for your help in sorting through the maze of detectors. Dear Sondra, 1160 GRAM Meteorite. Dont ask where. One of many! As far as being excited I all most had a stroke.
